

SCOPIA Mobile

Control Your Meeting

Moderate Participants

Easily moderate any participant of the meeting. Mute noisy participants, stop the camera of a remote attendee or simply disconnect unwanted participants.

Control Your Conference

Control your conference easily with the ability to start or pause recording or streaming, lock the conference, extend the meeting time or end the entire meeting.

Change the Video Layout

From the intuitive user interface, you can change the video layout for any video conferencing system, and even better, you can rearrange the participants in the layout.

Invite Any Participant to a Meeting

Simply access your company directory to invite any attendee. You can also invite guest phones or video conferencing systems by their number or address.

All This for Free!

SCOPIA Mobile is easy to download and install. And it's free!
