

SyncMaster
460MX-2/460MXn-2

imagine increasing productivity with an LFD

In the ultra-competitive world of finance, gaining the smallest competitive advantage can be critical. Part of that advantage includes helping employees work more efficiently and increasing productivity during their time in the office. Introducing the Samsung SyncMaster 460MX-2/460MXn-2. It's a powerful display tool that's designed to help increase productivity with an extra large screen. With Full HD capabilities, a built-in network module and its expansion capabilities, this is the LFD you've been waiting for. To learn more, please visit www.samsunglfd.com

SAMSUNG SyncMaster 460MX-2/460MXn-2

Samsung LFD (Large Format Display) Monitor

Command your audience's attention

Helping you to deliver a high-impact message is what the Samsung SyncMaster 460MX-2/460MXn-2 is all about. Our Set Back Box(SBB) feature allows for effective expandability while the built-in network module provides for easier control and overall management.

LFD0808L E01 H1-Q-MW

Key Features

■ DID Technology

Lower image retention with B-DID panel
Lower panel surface reflection
Ensure higher reliability for public area display

■ Powerful functionality

With the SBB option, you can take advantage of a wide variety of functional support whether it's through your network or TV tuner. As an added convenience, the SBB can be attached to the back side of the LFD monitor.

■ Enhanced networking capabilities

The built-in network module on the LFD monitor provides you with another layer of convenience. The module allows for easy networking for greater efficiency and overall performance. Plus, some models come with our easy-to-use content management software, MagicInfo, designed to help you get up and running quickly.

■ Increased connectivity

The LFD delivers an increased amount of versatility with its wide variety of connectivity options. From PC to Video inputs, to a convenient remote control, your LFD has the ability to expand with your business needs. Some models are even enabled with the latest in VGA Out support for easy cloning.

■ Built in speaker

Built-in 10W x 2 speakers deliver rich, enhanced sounds without having to purchase additional sound equipment. Conveniently design within the body of the display, the speakers compliment the LFD's brilliant images with realistic sound.

■ Multi-display screen

The multi-display screen(MDC) program enables you to control a variety of different sources through the built-in RS-232C interface. So connecting your Samsung LFD to devices such as a network of PCs allows for an easy exchange of data and information.

■ Stunning, high-quality images

Designed with performance in mind, the Samsung LFD comes equipped with Samsung's unique DNIe technology. It allows the LFD to produce images that are far greater in detail than compared to conventional digital TVs. And with a response time of 8ms, fast-moving images appear natural and crystal clear.

■ Higher impact wall displays

A video wall processor built into every Samsung LFD allows you to create impressive video walls in configurations from 1 x 5 to 5 x 5.

■ 4-way anti burn-in protection

Protecting your Samsung LFD from burn-in is critical to its longevity. Each LFD provides you with the ability to choose from among four types of anti-burn protection, as well as the time period of each operation.
